Champion[★]SPORTS

The most trusted source for premium sports, fitness and physical education equipment

Founded in 1961 by husband-and-wife team, Bernard Meller (1918–2013) and Dolores Meller (1931–2019), Champion Sports originated in the Bronx, New York.

Bernard Meller handcrafted his first piece of sports equipment in his basement, the Leather Boxing Rope with wooden handles. Bernard and Dolores worked side-by-side to create and run the business, which at that time was headquartered in their apartment building's basement. While Bernard was busy handcrafting jump ropes; Dolores took care of the business's finances.

Their tireless hard work led to further ideas and those ideas manifested into the sourcing and procurement of a wide variety of products. In their ambition to expand further upon a dream, they decided to open their first location in lower Manhattan.

Today, our expansive 100,000 square foot facility is known for its wide-ranging product selection, on-time delivery and in-stock levels of merchandise. Superior assortment, service and reliability became an identifier for Champion Sports throughout the industry.

At Champion Sports, we stand behind our products and ensure fostering of an experience that fully aids you in reaching your desired goals. We carry over 2,000 products tailored to the team and individual athletes, fitness enthusiasts, physical education programs and both recreational and professional markets.

To further service our continually growing customer base and their evolving needs; we will continue investing in advancements to our infrastructure and comprehensive suite of services in the form of additional space, personnel and expansive customer centric resources. We are proud to continue our growth initiatives, progressing with our third-generation operations.

Above all, we value our customers and ensure that our high-quality products are always attractively and reasonably priced. We welcome dealers, institutional buyers and resellers of all types. We design and manufacture all of the RHINO Skin® balls in our state-of-the-art factory in Sweden.

We cover each ball with a proprietary coating that increases durability and grip while eliminating contact sting. The ball coating is mixed in-house, to eliminate waste and reduce environmental impact. We also avoid using materials that could lead to dangerous chemical leaks – making our balls safer for both children and the earth, so it's a win-win.

After we make each batch of balls, we submit them for testing and approval by Eurofins, an organization that surpasses traditional USA standards. Don't worry, though – our balls are also approved in the United States for toy safety.

Founded in 1961 by Bernard Meller (1918–2013) and Dolores Meller (1931–2019), Champion Sports originated in the Bronx, NY. That year, Bernard designed his first piece of handmade sports equipment, the leather boxing rope with wooden handles, and then Champion Sports took off. While Bernard was busy handcrafting jump ropes in their apartment building’s basement, Dolores ran the finances of the business.

Starting with a classic handcrafted jump rope, Champion Sports has grown to providing over 2,000 premium products today to dealers and organizations across the nation.
