BUILD YOUR LEGACY.

CHAMPRO began as a simple promise 38 years ago to provide accessible, quality sporting goods to everyone who wants to enjoy sports. Our passion is fueled by the camaraderie and fond memories we receive from participating in athletics. Players of all levels rely on CHAMPRO equipment and uniforms to build a foundation for their success. As a family-owned company, we provide personal attention for the best service and customer experience.

CHAMPRO is committed to positively impacting people's lives by supporting athletic, educational and mentoring programs for disadvantaged young people in our community and around the world. The CHAMPRO school in Ethiopia, founded in 2002, provides a campus for education and support for the surrounding community. We support local Boys' and Girls' Clubs and youth sports programs nationwide. This year we established the Teamwork Grant program to provide funding and product for in-need youth sports programs.

CHAMPRO is also committed to protecting our planet. While some companies are just making our environment a priority, for over 10 years CHAMPRO has planted a tree for every order placed to help restore the environment and reduce our carbon footprint. We use 100% renewable energy in our new corporate headquarters and distribution center. We are also introducing sports apparel made from 100% recycled materials and working to reduce waste in our packaging and workplaces.

As we continue to build the CHAMPRO legacy, we will continue to look for opportunities to further our mission of creating team players for life while making a positive impact in the world.

Check out our new **Legacy Polo Collection!**

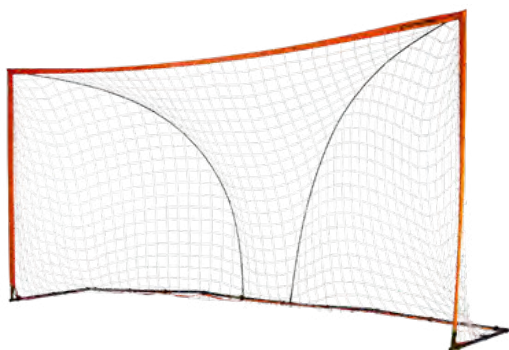

We have created four unique and modern designs to inspire team spirit. Create your custom Legacy polo today at champrosports.com.

CONCEPT 3000 DISLODGING SAFETY BASE

REDUCES THE POTENTIAL FOR SLIDING INJURIES

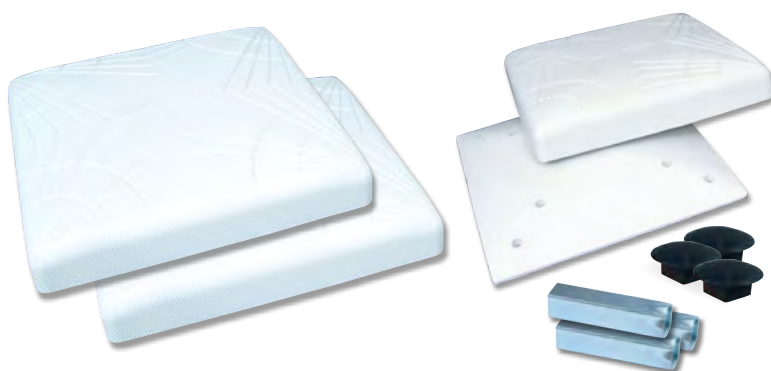

Top pad is strong enough to support a player standing on the base, but flexes and dislodges from the smooth bottom plate as player slides in. Pad can be reset on the bottom plate when play is complete. This allows the player standing on the base to be supported by the rigid top pad, while the sliding player can smoothly slide over the plate after the pad dislodges.

CHAMPRO® softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament or "G" for Game.

- T (Tournament) - Leather cover & polyurethane core, high performance
- G (Game) - Durahide cover & polyurethane core, all levels of play

The second and third letters are either "FP" to indicate fastpitch or "SP" to indicate slowpitch, which also will identify the seam construction.

- FP (Fastpitch) - Raised Seams
- SP (Slowpitch) - Flat Seams

The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball.

Note: USSSA specifications prohibit marking the COR and compression numbers on the ball.

- Template designs within a sport are interchangeable, but template designs requested in another sport pattern will incur a set-up charge of \$50.
- Unique designs not based off a CHAMPRO template will incur a one-time \$50 set-up charge.
- All colors, decoration, locations and sizing must be specified.
- Any custom orders not submitted with specific direction may be subject to artwork fees.
- Artwork must be submitted in one of the acceptable artwork formats listed below.

ACCEPTABLE ARTWORK FORMATS

VECTOR ART

- We accept print-ready vector art files in the following formats: AI, EPS, or PDF. Vector art can be scaled to any size while maintaining quality. **Vector art is always preferred.** Please remove any overprints within your file; these will drop out when printed. If vector art cannot be supplied, files that require digitization will incur a graphic design service charge at the rate of \$50 per hour with a minimum charge of one hour.
- PDF files will be converted to AI; we are not liable for any errors during conversion.

RASTER ART

- Raster art, otherwise known as bitmap art, is composed of pixels grouped together to make one complete image. When scaled larger, the image will look pixelated. If you must submit a raster image, make sure the resolution is 200 DPI (dots per inch) or larger.

OUTLINED FONTS

- Outlined fonts are required for all artwork formats. Font selection can vary on different computers, which can cause a desired font to be replaced with a generic one. To preserve your fonts, always outline, embed, or convert them to shapes before submitting artwork. If a specific font is required, the name of the font and the font file (TTF or OTF) must be submitted.

EMBEDDED IMAGES

- Most programs allow the user to add an image to a file by linking or embedding. Embedded images are stored within the document itself, while linked files are not. Because of this, linked files can vanish when opened from a different computer. Please embed all images to avoid losing them when files are submitted. Any embedded images must be high resolution. If submitting a PSD file, all layers should be flattened.

UNACCEPTABLE FILE FORMATS

- Microsoft Office, InDesign, Quark, Corel Draw, Publisher, or low-resolution scanned images.

GRAPHIC DESIGN SERVICES & GENERAL DETAILS

- **Our professional graphic design services for custom logos, artwork or logo digitization are charged at the rate of \$50 per hour, with a minimum of one hour. Please contact us for an estimate.**
- CHAMPRO reserves the right to adjust the size of decoration proportionally to garment size.
- CHAMPRO will not be responsible for errors resulting from copy that was received or approved incorrectly.
- Proofs provided electronically should not be used for final color output or image resolution.

ROSTER & ARTWORK APPROVAL

- CHAMPRO will send an e-mail with order acknowledgement and proof of the order.
- Customer must review the order and proof for accuracy and approve for production.
- All information on the proof and roster will be considered correct after approval is received.
- CHAMPRO will acknowledge receipt of approval and confirm lead times.
- Production and lead time will not begin until a written artwork and roster approval is received by CHAMPRO.
- No changes to an order will be accepted after artwork and roster approval is received; any changes needed will have to be submitted as a new order.

SHORTAGES/CLAIMS/CANCELLATION

- **Any claims or shortages with your order must be reported within 10 working days of receipt of goods.**
- No cancellations or changes are accepted after the order is approved.
- Any cancellation after this time will be subject to 50% charge of the order total.

COLOR DISCLAIMER

- Scientifically it is not possible to achieve a perfect color match from one JUICE garment to another, or from JUICE garments to CHAMPRO stock garments. Therefore, we cannot guarantee a perfect match from order to order or from one fabric to another. If you have questions about our colors, please contact us for more information. Art submissions with specific Pantone Color call outs will automatically be converted to CMYK. If your job is color sensitive, please contact us for information on color matching services. RGB files will be converted to CMYK; some color shifting will most likely occur. Unless a sample is ordered, CHAMPRO is not responsible for unsatisfactory color results.

COLOR MATCHING

- We cannot color match gradients. We print digitally in CMYK and use PMS colors as a guide; therefore the colors are not exact. If you have a color sensitive project, we highly recommend that you order a sample. In the event that you do not, we will match as close as possible to the PMS colors provided, but are not responsible for the colors not printed to your liking.

CARE INSTRUCTIONS

- Do not dry clean.
- Do not wash in hot water; Do not use chlorine bleach; Do not wash whites and colors together; Do not dry on HIGH heat.
- Excessive heat may cause fabric shrinkage and color change. Do not put JUICE garments through a screen print dryer.
- CHAMPRO is not responsible to damage to apparel as a result of improper care.

ARTWORK DISCLAIMER

You will receive the Artwork only as it appears on goods purchased from CHAMPRO® and not in any electronic format. - You represent that you have all the appropriate rights to use Customer Designs which you provide to CHAMPRO®, and you agree to indemnify and hold harmless CHAMPRO® for all costs or damages arising from a claim of infringement against CHAMPRO® related to your Customer Design. CHAMPRO® may request you provide written proof of your rights to use any third party logo or trademark prior to CHAMPRO® using such logos or incorporating such logos into your Artwork. However, whether or not CHAMPRO® makes any such request does not affect your obligation to indemnify and hold harmless CHAMPRO® for all costs or damages arising from a claim of infringement against CHAMPRO® related to your Customer Design.

IMPORTANT NOTE

The measurements listed in the below charts are body measurements (in inches), not garment measurements. If your body measurement is on the borderline between two sizes, order the smaller size for tighter fit or the larger size for looser fit.

How to Measure:

Bust/Chest:

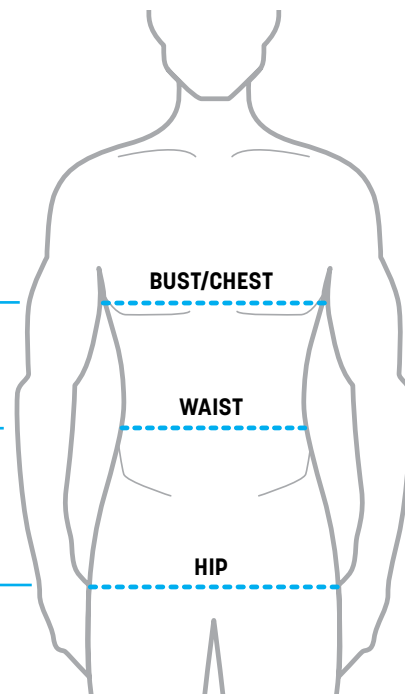

With arms relaxed at sides, measure around the body at the fullest part of the bust/chest, keeping the tape parallel to the floor.

Waist:

Measure around the body (not on top of clothing) at the natural waist level.

Hip:

With feet together, measure around the fullest part at hip level, keeping the tape parallel to the floor.
